liners to be chartered.

Arrangement for obtaining the Four Big Atlantic Steamships.

The Navy Department has decided to charter the steamships St. Louis, St. Paul, Paris and New York of the American Line. It is concluded that this plan would be wiser than that formerly under consideration, which contemplated the purchase outright of the St. Paul and St. Louis. The Paris and New York will be held under charter until necessity for their use arises. The Navy Department decided to assign the five patrol ships, Yosemite, Erazor, Dixie, Yankee and the recently purchased Venezuela to the naval reserves of Maryland, Massachusetts, Michigan, New York and New Jersey. Each vessel will be in command of a naval officer, and will be manned by the reserves of the respective States.

It is the intention of the department to shape all matters for any emergency, but the militia will not actually go into service aboard the ships until it is certain that hostilities are to ensue. The patrol ships will be assigned to the Atlantic coast line, and form a part of the general plan of coast defense. These vessels will be the flagships of their divisions, and will be under command of a naval officer.

It is stated that there will be no attempt to observe sectional lines in making up the crews of the patrol fleet. The reserve in best condition and most available will be assigned to the most convenient ship.

CLOUDED BY MYSTERY

Death of a Colored Woman Under Peculiar Circumstances.

INQUIRY FAILS TO DISCLOSE HER NAME

Arrest of Mr. and Mrs. Buckingham Pending Investigation.

CORONER TO HOLD AUTOPSY

A young colored woman whose identity has not yet been established died about 5 o'clock this morning at the house of Mrs. Lizzie A. Buckingham, No. 1013 Q street northwest, after a night of intense suffering. Owing to alleged suspicious circumstances in connection with the case the police arrested all the persons found in the house and sent the body of the dead woman to the morgue. The persons arrested registered as Lizzie A. Buckingham, housekeeper, forty-eight years; John W. Buckingham, carpenter, fifty-five years; Mrs. Florence L. Gear, thirty-eight years; Lena Ehrlich, servant, twenty-eight years; and Annie Wallace, servant, twenty-six years. Sergeant Dunnigan of the second precinct questioned the persons arrested, and finally locked up Buckingham and his wife. The others were released.

Mrs. Gear said she had come here from Norfolk and was stopping at the house of Mrs. Buckingham as a nurse, while Lena Ehrlich and Annie Wallace said they were servants in the house. A search of the dwelling by the police, it is said, revealed large quantities of medicine, as well as medical books and advertisements.

The arrests were made as the result of an investigation by Policemen Holmes and Godwin. Soon after going on duty at 12 o'clock, Policemen Holmes and Plenumon had their attention called to the house by an unusual activity about the premises and piteous cries made in a woman's voice inside the residence. A few minutes after 1 o'clock Holmes and Godwin went near the house and awaited developments. The unusual activity of people coming out and going in was kept up most of the night. Several times the officers heard the voice of a female say to another, "Keep quiet," and each time the answer would be, "All right."

Suspicious Circumstances.

Mrs. Buckingham's colored driver made several trips in a buggy for doctors, and she returned he drove to the side gate in the alley. Thinking the sick woman was to be removed, one of the officers halted the driver.

It was near 2 o'clock when the driver came out of the house with a young white man. They looked in the alley, as if they would see if the officers were there.

"Where are they?" the white man asked the driver, and the latter replied:

"They were here half an hour ago."

"If I only knew one of the policemen it would be all right," the white man said.

"I know Policemen Holmes," the driver added.

"I wonder what she could have taken?" the young man then asked.

The men were about to separate, when Policemen made known their presence.

The young man, who said his name was Samuel Maddux, told the officers that he had once lived at the house of Mrs. Buckingham, and he was there last night because she had called at his house for him.

About 5 o'clock this morning everything became quiet, and later in the day the arrests were made. When the police took possession of the house they found the dead woman's body on a single bed in the rear room on the second floor, and Coroner Carr said the appearance of the body indicated that death had resulted from blood poisoning. What caused the blood poisoning he could not say.

Mrs. Buckingham's Story.

When questioned by the police, Mrs. Buckingham said that the colored girl came to her house Good Friday looking for work. She gave her a position as a domestic, and she complied with that that she was sick. Last Thursday, she said, she sent for a physician, and the latter paid several visits to the house.

The woman, she said, told her that her name was "Evelyn" and that she was all right. It was not until the police had made an investigation that they were told the deceased was a Virginia school teacher.
